Dear John,

As the new year begins, we look back with pleasure on our accomplishments, and we look forward to your presence with us in 2008 as we meet new challenges. Our ever-changing worlds--corporate, political, and social--require us to be engaged and informed participants. We warmly invite you to join us this year for a powerful professional and personal learning experience in one of our renowned training programs. (The 2008 class is beginning to fill, but there is still time for you to join our sixth Becoming a Better Intervener program!)
